

## SEXTANT GRAND LARGE

Date of the last update : March, 10<sup>th</sup> 2021

### 1. General characteristics

#### a. UCITS Structure

▪ **Fund name**

SEXTANT GRAND LARGE

▪ **Legal form and member state in which the Fund is established**

French-law common fund ("Fonds commun de placement" or "FCP").

Feeder common fund : None

Segment common fund : None

▪ **Creation date and expected life**

The Fund was approved by the "Commission des Opérations de Bourse" (Securities and Investment Board) on : 20 June 2003.

It was created on : 11 July 2003.

For a period of 99 years.

▪ **Summary of the management offer**

ISIN Code Units	Dividend policy	Base currency	Eligible subscribers	Initial minimum subscription amount	Fixed management fee	Variable mgt fee	Subscription commission	Redemption commission	Initial net asset value
FR0010286013 A units	Accumulation	Euro	All subscribers	None	1.70% maximum (tax incl.)	15%(tax incl.) of the fund's perf. Above 5% per calendar year.	2% maximum	1% maximum	€100
FR0013306404 N units	Accumulation	Euro	All subscribers, but especially: -Marketing networks with the prior consent of the management Co: - Or distributors and/or brokers with the prior consent of the mgt co. and providing one of the following services: – Independent advice as defined by regulation MIF2 – Individual management under mandate	100 000€ except in swaps for Class A Shares.	1% maximum (tax incl.)	15% (tax incl.) of the fund's perf. above 5% per calendar year	5% maximum	1% maximum	451.71 €

FR0010373209 Z units	Accumulation	Euro	The management company and the management company's employees	None	0.1% maximum (tax incl.)	None	None	None	€100
-------------------------	--------------	------	---	------	--------------------------	------	------	------	------

<sup>(1)</sup> The management company or any component of the same group is exonerated from the obligation to subscribe the initial amount

<sup>(2)</sup> Subsequent subscriptions can be made in shares or fractions of shares where necessary

The mutual fund has four share categories. These categories notably differ in terms of their nominal value, management fees, subscription/redemption commissions, as well as the distribution network(s) for which they are destined. These differences are due to the fact that Class A shares are mainly for partners of the asset management company, third-party asset management companies, or acquired by investors directly. Class N shares are (i) reserved for marketing networks having received prior consent from the asset management company, or (ii) distributors and/or brokers having received prior consent from the asset management company and providing one of the following services: (a) independent advice as defined by regulation MIF2, or (b) individual management under mandate. Lastly, Class Z shares are reserved for the asset management company, employees, and persons described under the heading "subscribers concerned".

For each share category, the asset management company reserves the right not to activate it and thus delay its commercial launch.

#### ▪ Indication of the place in which the last annual report and the last periodic statement can be obtained

The latest annual report and the latest interim statement will be sent within one week simply upon written request by the holder to :

AMIRAL GESTION – 103 rue de Grenelle – 75007 Paris

These documents are also available on the Company's web site : <http://www.amiralgestion.com>.

Further information can also be obtained, if necessary, from :

**Benjamin BIARD**

Tél : +33 (0) 1 40 74 35 61

E-mail : [bb@amiralgestion.com](mailto:bb@amiralgestion.com)

## b. Players

#### ▪ Management Company

AMIRAL GESTION – 103 rue de Grnelle – 75007 Paris

Simplified joint-stock company (Société par actions simplifiée) with fully-paid-up capital of €629,983, registered in the Paris Companies Registry (Registre du commerce et des sociétés, R.C.S.) under number 445 224 090.

The management company was authorised as a Portfolio Management Company on 28 February 2003 by the Commission des Opérations de Bourse under number GC 03-001.

#### ▪ Depository and Custodian

The functions of depository and custodian are assured by :

CACEIS BANK, credit institution authorised by ACPR, 1 place Valhubert - 75013 Paris

Subscription and redemption orders are centralized by the custodian.

In accordance with the Regulations in force, the responsibilities of the custodian include safeguarding assets, ensuring the regularity of decisions taken by the asset management company, and tracking of the mutual fund's liquidity flows.

The asset management company also delegates to the custodian management of the fund's liabilities, which includes the centralisation of subscription and redemption orders for shares in the fund, as well as keeping the issuance account for these shares.

The custodian is independent of the asset management company.

Delegates

A description of the safeguard functions delegated, the list of delegates and sub-delegates of CACEIS Bank France, and information about conflicts of interest that may arise as a result of these delegations, are available on the CACEIS website: [www.caceis.com](http://www.caceis.com).

Updated information is available to investors on request.

#### ▪ Auditors

- « RSM Paris », 26 rue Cambacérés, 75008 Paris

Represented by Etienne de BRYAS.

- Deloitte & Associés, Tour Majunga 6 place de la Pyramide - 92908 Paris-La Défense Cedex France

Represented by Virginie GAITTE.

▪ **Marketer(s)**

AMIRAL GESTION, 103 rue de Grenelle, 75007 Paris

▪ **Representative of administrative and accounting management**

CACEIS FUND ADMINISTRATION, 1 place Valhubert, 75013 PARIS

The representative assures the calculation of the net asset values and the legal follow-up of the Fund.

▪ **External advisors**

None

## 2. Operating and management procedures

### a. General characteristics

▪ **Units characteristics**

**Currency**

Units are denominated in euros (EUR).

**Rights attached to the classes of units**

In French law, a "Fonds Commun de Placement" (FCP investment fund) is a co-ownership of marketable securities (owned jointly) in which the rights of each co-owner are expressed in units and in which each unit corresponds to a fraction of the Fund's assets. Each unit holder therefore has a co-ownership right to the assets of the Fund proportional to the number of units they own.

**Liability management and registration procedures**

Management of the Fund's liabilities and hence the individual rights of each unit holder is performed by the custodian, CACEIS BANK.

Administration of the units is performed by EUROCLEAR France.

The custodian also keeps the registers of issuer-registered units.

**Voting rights**

Since it is a joint ownership, no voting rights are attached to the units issued by the FCP investment fund. Decisions concerning the Fund's operation are taken by the management company in the interests of the unit holders.

**Type of units**

Units are issued in bearer or issuer-registered form. Subscriptions are acceptable in thousandths of units.

▪ **End of financial year**

The annual accounts are closed each year at the last net asset value in December.

▪ **Information on tax treatment**

**Dominant tax purpose**

SEXTANT GRAND LARGE may be used within unit-linked life insurance policies.

**At Fund level**

Due to their co-ownership structure, "FCP" funds benefit from fiscal transparency and are not liable to corporation tax in France. In particular, capital gains on sales of securities performed within the scope of the Fund's investment objective are exempted from tax, provided that no natural person, acting directly or via an intermediary, own more than 10% of its units (Article 105-0 A, III-2 of the "Code Général des Impôts" (French General Tax Code)).

**At Unit holder level**

Unit holders are taxable directly on capital gains and losses, in accordance with the tax legislation.

On the principle of transparency, the tax authorities consider that the unit holder is the direct owner of a fraction of the financial instruments and liquid assets held in the Fund.

The applicable tax treatment is generally that for capital gains on marketable securities in the country of residence of the holder; in accordance with the rules appropriate to his (her) situation (natural person, legal entity liable to corporation tax, institutional supplementary pension fund, other cases, etc.). The rules applicable to holders who are French residents are stipulated by the "Code Général des Impôts" (General Tax Code).

For any income distribution, the taxation of the unit holders depends on the type of securities held in the portfolio.

The tax treatment for the subscription and redemption of units issued by the Fund depends on the tax legislation applicable to the particular situation of the investor and/or the Fund's investment jurisdiction.

Investors who are not sure of their tax situation should contact a professional financial adviser. This consultation could, depending on the case, be invoiced by the investor's adviser and will in no case be paid for by the Fund or the management company.

## b. Particular provisions

### ▪ ISIN codes

FR0010286013	A units
FR0013306404	N units
FR0010373209	Z units

### ▪ Classification

Diversified "FCP" investment fund

### ▪ Investment objective

The objective, through discretionary asset allocation and pure stock picking, is to achieve absolute long-term performance without reference to an index, with the goal of obtaining a yield in excess of 5%, net of management fees, in the recommended investment period.

As a reminder, the manager may not enter into any obligation to achieve a fixed result. The aforementioned objective is based on the realisation of the management company's market assumptions and is in no way a promise of a return or yield from the fund

Minimum recommended investment period: 5 years.

### ▪ Benchmark indicator

The management is discretionary; the benchmark indicator, composed of 50% of the EONIA index and of 50% of MSCI AC world index, converted into euros and reinvested dividends (ticker Bloomberg :M1WD) (since April 30, 2018) » can be used to compare fund performance in hindsight. This index does not reflect the management of the Fund; the performance may therefore vary from the performance of the index.

The EONIA index (Euro OverNight Index Average) is an effective rate based on a weighted average of all of the daily transactions executed on the interbank market in the euro zone by the banks of the sampling.

The objective of the MSCI All Countries World Index is to measure equity market performance in both developed and emerging markets. In December 2019, this index consisted of 49 countries (23 developed countries and 26 emerging countries), for a total of 2,8452 securities. Emerging country stocks accounted for 85% of its market capitalization.

As of the date of the last update of this prospectus, only the administrator of the MSCI index composing the benchmark is listed in the register of administrators and benchmarks maintained by ESMA. On the other hand, Note that the administrator of the EONIA benefits from the exemption of Article 2.2 of the Benchmark Regulation as a central bank and, as such, does not have to be registered in the register of administrators and benchmarks maintained by ESMA). In accordance with Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016, the Management Company has a procedure for monitoring the benchmarks used describing the measures to be implemented in the event of substantial changes to an index or cessation of supply of that index.

### ▪ Investment strategy and management policy

Investments are made solely at the discretion of the manager.

Asset allocation depends exclusively on the investment opportunities, especially for equities, detected by the managers on a case by case basis, and is not based on macroeconomic considerations.

The strategy to achieve the investment objective of SEXTANT GRAND LARGE, for equities (and partly for convertible bonds), is based on strict stock picking, through fundamental analysis within the management company based on the following main criteria :

- Quality of the company's management
- Quality of its financial structure
- Earnings visibility
- Foreseeable future of the industry
- Company's policy toward minority shareholders (transparency of information, dividend distribution, etc.)
- Additionally, speculative aspects related to special situations such as takeover bids

Whenever possible, the management team endeavours to meet directly with the companies in which the Fund invests or is considering investing.

Investment decisions then depend primarily on the existence of a "margin of safety", which is the difference between the company's intrinsic value, as assessed by the management team, and its market value (market capitalization). In this sense the strategy is based on value investing.

Investments are made with a view to holding for the long term (more than two years).

The portion of the assets that has not been invested in shares, for want of opportunities offering a sufficient margin of safety, is then invested in interest rate money-market or bond products.

The fund is exposed to sustainability risks, as defined in the risk profile.

The fund does not have any particular environmental and/or social agenda, nor does it have any specific objective in terms of sustainability (environmental and/or social). However, the fund embraces certain sustainability criteria in its investment policy, via selective exclusions (controversial arms and failure to respect the United Nations Global Compact) or inclusion of non-financial considerations in fundamental analysis of stocks in the portfolio. Furthermore, fund managers pay close attention to climate-related issues, if only by systematically tracking carbon intensity. The ways in which these sustainability criteria are taken into consideration are detailed in the document Extra-Financial Communication – SFDR which is available on the company website : <https://www.amiralgestion.com>

## ▪ Eligible assets

### Equities

SEXTANT GRAND LARGE has between 0 and 100% exposure to equities. The eligible equities may be listed on all regulated markets throughout the world, regardless of their market capitalization or sector.

The management of SEXTANT GRAND LARGE generally focuses on European equity markets. However, the Fund may invest in fairly significant proportions (although not predominantly) in equities outside the euro zone and outside the OECD, including emerging markets. The Fund may also invest in equity-related securities (non-voting preference shares, investment certificates, founders' shares).

The Fund may also invest up to 10% of its assets in companies listed on the non-regulated "Marché Libre" (free market).

### Debt securities and money market instruments

The Fund may be up to 100% invested in money market instruments breaking down as follows :

- Cash holdings within the limit of 10% of the Fund's assets.
- Euro-denominated negotiable debt instruments of at most twenty months maturity : the short-term securities used will benefit from a minimum rating (Standard & Poor's A3/Moody's P-3/Fitch Ratings F3) or, if unrated, must be deemed to be equivalent thereto according to the Management Company's analysis.

However, the management company preferably chooses to invest cash in money market or dynamic money market funds.

The Fund may invest in all debt securities regardless of the currency or signature quality.

Investments in speculative bonds considered "high-yield", i.e. securities with a rating below BBB- according to Standard & Poor's or, if unrated, securities deemed of an equivalent quality according to the analysis carried out by the Management Company, shall remain below 50% of net assets.

The Fund may also invest in bond-related securities (convertible bonds, bonds with warrants, equity investments).

With regard to the interest rates of securities, the management company conducts its own credit analysis and market risk in selecting securities for the acquisition and ongoing life. It therefore does not rely solely on the ratings provided by the rating agencies.

### Investments in other UCITS/AIF and/or investment funds

The Fund may invest up to 10% of its assets in securities of other French and/or European coordinated UCITS, chiefly through cash investment in euro-denominated money market funds (which may be dynamic money market funds employing alternative management strategies). Additionally, the Fund may invest in share or bond class UCITS compatible with the Fund's management.

The Fund will never invest in investment funds outside the European Union, nor in venture capital funds or similar funds.

The Fund does not intervene on securitisation vehicles.

### Derivatives and securities with embedded derivatives

Transactions on derivatives instruments (buying or selling of options on equities, indices, fixed-income securities or currencies, and buying or selling of futures, forex forwards or swaps on equities, indices, fixed-income securities or currencies) and on securities with embedded derivatives will be carried out in order to achieve partial fund exposure to or hedging against favourable or unfavourable equities, index, fixed-income securities and currency trends. The portfolio manager may also intervene on credit derivatives (Credit Default Swap).

There will be no overexposure.

Financial futures contracts relating to commodity indices will be established in accordance with the 5/10-20/40 ratio.

**Optional strategies:** depending on the portfolio manager's expectations, he will have to buy or sell options on the equity markets. For example, if he anticipates a sharp rise in the market, he will be able to buy calls; if he thinks the market will increase slowly and implied volatility is high, he will be able to sell puts. On

the contrary, if he anticipates a sharp drop in the market, he will buy puts. Finally, if he thinks the market can no longer rise, he will sell calls. The manager may combine these different strategies.

**Credit derivatives :**

The credit allocation is made on a discretionary basis by the portfolio manager.

The credit derivatives used are CDS indices (CDX or iTraxx type) and single CDS. Single CDSs may be used subject to the standardisation of the contract and the information available on the markets concerning the underlying entity. Similarly, index CDSs will be subject to the liquidity and accessibility of the index.

These credit derivatives are used for hedging purposes through the purchase of protection:

- in order to limit the risk of capital loss on certain issuers (in the portfolio)
- in order to benefit from the anticipated deterioration in the creditworthiness of an issuer or a basket of issuers not in the portfolio that is greater than that of an exposure in the portfolio.

and for exhibition purposes through the sale of protection:

- the credit risk of an issuer
- credit risk on CDS indices

As the use of CDS may be used to hedge credit risk exposure or to hedge portfolio credit risk, the use of indices to achieve this purpose could lead to transactions that, line by line, could be treated as arbitrage (hedging of the overall credit risk of the portfolio by issuers, parent companies, subsidiaries or other entities not present in the portfolio).

The percentage of the fund's assets corresponding to the use of credit derivatives is between 0% and 20%.

**Deposits**

The Fund may use deposits within the regulatory limits to optimize the management of its cash and manage the different value dates for subscription/redemption of the underlying money market. It can use up to 20% of its assets in deposits with the same credit institution.

This type of operation will be used in exceptional cases. The Fund may hold ancillary liquid assets, in particular to deal with redemptions by investors.

The fund may hold liquid assets on an ancillary basis, in particular to respond to redemptions of units by investors. The cash holding limit can be raised to 20% when exceptional market conditions justify this.

Cash lending is prohibited.

**Cash borrowing**

The Fund may borrow cash which shall not exceed 10% of its assets. Although its object is not to be structurally a cash borrower, the Fund may find itself in a debtor position due to transactions related to its cash payments (investments and divestments in progress, subscription and redemption transactions, etc.).

**Securities sale and repurchase transactions**

Use : Not applicable

▪ **Risk profile**

The discretionary management style is based on anticipation of trends in the various markets (equities, bonds). There is a risk that the Fund may not be invested at all times in the markets giving the best performance.

**1. Risk of loss of capital :**

A capital loss occurs when a unit is sold at a price lower than its acquisition cost.

Although it is diversified and aims at long-term capital preservation, SEXTANT GRAND LARGE remains an equity fund, which may experience sharp downward fluctuations.

**2. Market risk :**

Level of exposure to equity risk from 0 to 100%

Fluctuations in share prices may have a positive or negative effect on the Fund's net asset value. The market risk is represented by the fall in share prices.

**3. Risk related to the market capitalization of the selected securities :**

The Fund may invest mainly in small- and mid-cap shares, which may cause the net asset value to decline.

Investors are warned that small and mid-cap markets may be affected by low liquidity and high volatility.

The Fund may sometimes invest fairly significantly (although not predominantly) in equities listed on emerging markets.

Investors are warned that the operating and monitoring conditions of these markets may differ from the standards prevailing on the major international stock markets.

**4. Currency risk :**

The Fund may invest in instruments denominated in foreign currencies outside the euro zone. Fluctuations of these currencies relative to the euro may have a positive or negative effect on the value of these instruments. The currency risk is a possible depreciation of these currencies relative to the euro.

**5. Credit risk :**

The Fund may invest in interest rate products. The credit risk is represented by the risk of the issuer's failure.

**6. Interest-rate risk :**

The Fund may invest in interest rate products. The interest-rate risk is the risk of a fall in the value of a fixed-rate debt security when market rates rise.

**7. Risk associated to derivatives instruments:**

The use of derivative instruments may imply, in short periods, significant oscillations in the NAV, both upwards or downwards.

**8. Sustainability risk:**

An event or situation related to environmental, social or governance issues that, if it were to occur, could have a significant negative impact - real or potential - on the value of an investment.

▪ **Recommended minimum investment period**

More than five years.

▪ **Eligible subscribers and typical investor profile**

**Eligible subscribers**

The "A" units are available to all investors. However, given the significant risk involved in equity investment, the Fund is primarily suitable for investors prepared to ride out the sharp fluctuations inherent in equity markets and having an investment horizon of at least five years.

Class N shares are for all subscribers and especially:

- Marketing networks having received prior consent from the asset management company
- Or distributors and brokers having received prior consent from the asset management company and providing one of the following services:
  - independent advice as defined by regulation MIF2
  - individual management under mandate

The "Z" units are reserved exclusively for :

- the management company,
- the mutual funds of the management company,
- the management company's personnel (regular employees and managers) as well as their domestic partners, parents and children,
- to the employees of the asset management company ARTEMID SA, private debt subsidiary of the asset management company,
- company investment funds intended for the management company's personnel,
- life and accumulation insurance companies for the equivalent of the amount that might be invested in a unit-linked policy representing Z units of the Fund as part of a life insurance policy or an accumulation policy taken out by a member of the management company's personnel as well as their domestic partners, parents and children.

SEXTANT GRAND LARGE may be used within unit-linked life insurance policies.

**FATCA**

Shares in this mutual fund are not, and will not be, registered in the USA, in accordance with the amendment to the US Securities Act of 1933, or subject to any US law. The shares must not be offered, sold or transferred to the US (including US territories and possessions), or benefit – directly or indirectly – a US person (as defined by regulation S of the US Securities Act of 1933) and assimilated (e.g. the American HIRE Act of 18 March 2010 and the FATCA Act).

**Investor profile**

- The Fund is intended for investors aware of the risks of equity markets.
- The amount that can reasonably be invested depends on the investor's personal situation. To determine this amount, investors should take into account their personal wealth, their current needs and needs in five years' time, as well as their degree of risk aversion. Investors are also advised to sufficiently diversify their investments to avoid being over-exposed to the risks of this Fund. Purely as an indication, SEXTANT GRAND LARGE should not represent more than 50% of the investor's financial assets.
- In all cases, investors are strongly advised to sufficiently diversify their investments to avoid being exposed solely to the risks of this fund.

▪ **Calculation and allocation of income**

Capitalisation.

▪ **Characteristics of the units or shares**

All units are euro-denominated and decimalized, divided into thousandths of units.

#### Calculation and procedures for publication of the net asset value

The net asset value is determined each working day except on public holidays (i.e., Euronext calendar) and is calculated at D+1 (D being the day on which the net asset value is determined).

The most recent net asset value is available to unit holders :

- At Amiral Gestion head office
- At the custodian head office
- By phone +33 (0)1 47 20 78 18
- On the website <http://www.amiralgestion.com>

#### Terms and conditions of subscriptions and redemptions

The initial net asset value of the units «A» & «Z» is set at 100 euros. Unit N is set at 451.71 euros.

Subscriptions and redemptions are acceptable for shares (expressible in thousandths of units), or for an amount (the number of shares being unknown).

Redemptions are receivable in number of shares (expressible in thousandths of units).

Subscription and redemption orders are centralized each trading day before 10 a.m. with the custodian :

CACEIS BANK, Credit institution authorised by ACPR – 1 place Valhubert - 75013 Paris,

and are executed on the basis of the next net asset value calculated from the closing price on the day on which orders are centralized.

Subscription and redemption orders arriving after 10 a.m. are treated on the basis of the following net asset value.

The relevant settlements will be made two working days after valuation of the unit. The Investors are reminded that the requests transmitted to promoters, other than the institutions mentioned above, must take into account the fact that the centralization deadline of requests applies to so-called marketers vis-à-vis CACEIS BANK.

As a result, these distributors may apply their own cut-off time earlier than the one mentioned above, in order to take into account the time required to transmit requests to CACEIS BANK.

Orders are executed in accordance with the following table:

Centralisation of subscription orders*	Centralisation of redemptions orders	Date of execution of the order	Publication of the net asset value	Settlement of subscriptions	Settlement of redemptions
D-1 before 10H	D-1 before 10H	D	D+1	D+2	D+2

\* Unless a specific timeframe has been agreed with your financial institution

## c. Costs and fees

#### Subscription and redemption fees

Subscription and redemption fees are added to the subscription price paid by the investor and subtracted from the redemption price. The fees retained by the Fund offset the costs incurred by the Fund to invest or divest the assets entrusted to it. The fees not retained by the Fund go to the management company and/or the marketer.

Fees & expenses payable by the investor for subscriptions and redemptions	Base	Rate
Subscription fees payable to third parties	Net asset value x number of units	A Units : 2% maximum N Units : 5% maximum Z Units : None
Subscription fees payable to the Fund		None (A, N & Z Units)
Redemption fees payable to third parties		A & N Units : 1% maximum Z Units : None

Redemption fees payable to the Fund		None (A, N & Z Units)
-------------------------------------	--	-----------------------

Subscription and redemption fees are not subject to VAT.

#### Cases of exemption

It is possible to make subscription/redemption orders simultaneously based on the same net asset value for a total of nil in transaction volume.

#### Operating and management fees (excluding transaction costs)

These fees cover all the costs charged directly to the Fund, except transaction costs (see below). Transaction costs include intermediation costs (brokerage fees, stamp duty, etc.) and the turnover commission received in particular by the custodian and the management company.

To these operating and management fees may be added :

- Performance fees. These reward the management company for achieving performance exceeding the Fund's objectives.
- Turnover commission charged to the Fund.
- Part of the income from securities sale and repurchase transactions.

For more details concerning the fees actually charged to the Fund, refer to Section B of the simplified prospectus.

Management fees are provisioned whenever the Fund's net asset value is calculated.

Fees charged to the UCITS	Base	Rate
Management fees Including external Management costs (Cac, custodian, distribution, lawyers, AMF contributions*)	Net assets	A Units : 1,7 % max incl. tax N Units: 1% max incl. tax Z Units : 0.1% max incl. tax  A, N & Z Units : 0.1% max incl. tax
Maximum indirect fees (commissions and management fees)	Net assets	None
Service provider receiving turnover commission (excluding brokerage fees) : Received by the depositary	Direct debit on each transaction	Variable according to the place of business : Since €6 inc. taxes on financial instruments and money market products issued on the ESES Marches till € 90 inc. taxes for instruments issued to non-mature Foreign Markets
Outperformance fees	Net assets	A & N** Units : 15% incl. Tax from the performance of the fond beyond of 5% per calendar year  Z Units : None

\*Contributions due to the AMF for management of the collective investment undertaking (OPC) in accordance with Paragraph d), Section 3, Chapter II of Article L.621-5-3 of the French Monetary and Financial Code.

\*\* For class N shares, the initial commission for outperformance (if it exists) will be charged in FY 2018

#### Procedure for calculating performance fees (A & N units)

Performance fees are based on a comparison between the Investment Fund's performance and the benchmark, over the financial year.

Performance fees will be charged by the management company as follows.

The Investment Fund's performance is calculated according to the change in its net asset value :

- If, over the financial year, the Fund's performance exceeds 5%, the performance fees will represent 15% (including tax) of the difference between the Fund's performance and that of its benchmark.
- If, over the financial year, the Fund's performance is below the reference 5% level, the performance fees will be nil.  
Each time asset value is calculated, the outperformance is defined as the positive difference between the net asset value of the fund excluding a possible provision for outperformance commission, and the net asset value of a fictional fund that achieves an annualised performance of 5% and has the same subscriptions and redemptions profile as the real fund.
- If, during the financial year, the Fund's performance from the beginning of the year exceeds the benchmark calculated over the same period, this outperformance will be covered by a provision for performance fees when calculating the net asset value.

- If the Fund underperforms the benchmark between two net asset value calculations, any provision made previously will be adjusted by a provision reversal. Provision reversals are limited at most to the prior provisions.
- These performance fees will be finally received at the end of the financial year only if the Fund's performance over the financial year exceeds that of the benchmark.

#### ▪ **Transaction costs**

Intermediaries (brokers) will be chosen according to their specific competence in the equity area, and for the quality of their research, order execution and participation in private placements and initial public offerings, and finally their capability for block trading of small- and mid-cap shares.

Transactions on UCITS incur no costs other than the subscription and redemption fees of the issuer. Amiral Gestion preferably chooses UCITS for which it has been able to negotiate full exemption from fees not retained by the Fund.

### 3. Commercial information

#### ▪ **Indication of the place where documents relating to the Fund can be obtained**

Information and documents relating to the Fund, its net asset value and the centralization of Fund subscriptions and redemptions can be obtained by contacting the management company directly.

The Fund's full prospectus, the latest annual report and the latest interim statement will be sent within one week simply on a written request by the unit holder to : AMIRAL GESTION – 103 rue de Grnelle – 75007 Paris.

These documents are also available on the Company's web site : <http://www.amiralgestion.com>.

Further information can also be obtained, if necessary, from :

Benjamin BIARD – Tél: +33 (0) 1 40 74 35 61 – E-mail: [bb@amiralgestion.com](mailto:bb@amiralgestion.com)

#### ▪ **Procedures for publication of the net asset value**

The most recent net asset value is available to unit holders :

- At Amiral Gestion head office
- At the custodian head office
- By phone +33 (0)1 47 20 78 18
- On the website <http://www.amiralgestion.com>

#### ▪ **Environmental, Social and Governance quality Criteria (ESG)**

Information relating to the consideration of environmental, social and governance quality criteria (ESG) are available on the Company's web site : [www.amiralgestion.fr](http://www.amiralgestion.fr). They will also be included in the annual report.

#### ▪ **Composition of the portfolio**

The composition of the portfolio may be communicated to professional investors subject to control by the ACPR, the AMF or equivalent European authorities, or to their service providers, on condition of confidentiality, in order to allow them to make the required regulatory calculations arising from Directive 2009/138/CE (Solvability 2).

The communication will be made in accordance with AMF guidelines at least 48 hours after publication of the liquidation value.

For additional information, investors can contact the fund management company.

As an active participant in financial markets, the Amiral Gestion fund management company is subject to Regulation 2019/2088 of 27 November 2019 on the publication of information related to sustainability in the financial services industry (the « Disclosure Regulation »).

This regulation lays out harmonised rules for financial market participants relative to transparency and integration of sustainability risks (article 6 of the Regulation), awareness of negative incidents concerning sustainability, promotion of environmental and/or social matters in investment policy (article 8 of the Regulation), and sustainable investment objectives (article 9 of the Regulation).

Sextant Grand Large is an « Article 6 » fund according to this classification.

It promotes a responsible approach to investment without reaching the standards of centralised or reduced communication, depending on segmentation of the position – AMF recommendation - DOC-2020-03.

## 4. Investment rules

### Regulatory ratios applicable to the fund :

The UCITS complies with the ratios described in articles R.214-1 onward of the "Code Monétaire et Financier" (French Monetary and Financial Code), and more specifically in Article R.214-26 of the "Code Monétaire et Financier" relating to coordinated funds of funds.

### Global risk calculation method :

Calculation of off-balance sheet commitments : Type A UCITS. (straight-line amortization method)

## 5. Asset valuation rules and accounting methods

### a. Asset valuation rules

#### Valuation method

Financial instruments and securities traded on a regulated market are valued at market price.

#### Specific valuation methods

- European bonds and equities are valued at the closing price, and non-European securities at the last known closing price.
- Negotiable debt instruments and similar instruments not traded in significant quantities are valued by applying an actuarial method, the rate adopted being that for issues of equivalent securities, adjusted if necessary by a spread to reflect factors intrinsic to the issuer and the security; however, negotiable debt instruments with a residual life less than or equal to three months and with no special sensitivity may be valued by the straight-line method.
- Negotiable debt instruments with a life of less than three months are valued at the negotiated purchase price; the discount or premium is amortized by the straight-line method over the life of the instrument.
- Negotiable debt instruments maturing at more than three months are valued at their market price.
- Units and shares of UCITS are valued at the latest known net asset value.

Financial instruments which were not traded on the day of the asset valuation or for which the trading price was adjusted are valued at their probable trading value under the responsibility of the management company's Board of Directors. These valuations and the supporting evidence are reported to the auditor on the occasion of audits.

### b. Bookkeeping methods

The bookkeeping method adopted for recording income from financial instruments is the collected dividend method.

Transaction costs are booked excluding fees.

Credit default swap (CDS) contracts are valued:

- for the representative branch of the premium: pro rata temporis value of this premium,
- for the branch representing credit risk: according to the market price (mid-range of the "quotations" published by the counterparty).

## 6. Remuneration policy

Amiral Gestion has implemented a remuneration policy in accordance with the AIFM directive and the UCITS V directive, as well as the directives and recommendations issued by the ESMA.

The remuneration policy is consistent and promotes sound and effective risk management and does not encourage risk-taking which is inconsistent with the risk profiles, the regulations, the constitutional documents of the investment funds under management.

This policy is also in line with the interests of the UCIs and its investors.

Further details can be obtained in the company's website : <http://www.amiralgestion.com>, along with the employee compensation policy of Amiral Gestion, upon written request addressed to your manager.

Amiral Gestion's staff may be remunerated on a fixed base and a variable base. However, the variable part is marginal on the overall compensation paid to persons identified as a risk taker or equivalent within the meaning of these regulations.

All employees are eligible to the participation and profit sharing. All employees are also shareholders of Amiral Gestion. The share in the capital is gradual and depends on the individual contribution of each to the company. Thus, the interests of carriers and to Amiral Gestion employees are aligned to achieve the best long-term performance and the sustainability of the company.

All members of the company are directly interested in the success of all funds and income of the company to avoid reckless risk taking.

The complete remuneration policy for employees of Amiral Gestion and the total amount of remuneration in respect of the year, broken down according to the regulatory criteria are available free of charge upon written request to your manager: Amiral Gestion, 103 rue de Grenelle, 75007 Paris.

## Fund regulation

*Date of the last update of the regulation : June, 30<sup>th</sup> 2019*

### TITLE I : ASSETS AND UNITS

#### Article 1 - Units and joint ownership

The rights of the co-owners are expressed in units, each unit corresponding to the same fraction of the Fund's assets. Each holder of fund units has a co-ownership right to the Fund's assets proportional to the number of units owned.

The duration of the Fund is 99 years starting from 8 July 2005 (except in the case of early dissolution or extension provided for in the present regulations).

Categories of units:

The characteristics of the various categories of units and their subscription conditions are specified in the simplified prospectus and the detailed memorandum of the Fund.

These various categories of units may:

- Have different dividend policies (distribution or accumulation);
- Be denominated in various currencies;
- Be subject to different management fees;
- Be subject to different subscription and redemption fees;
- Have different nominal values.
- Be accompanied by systematic risk coverage, partial or total, defined in the Prospectus. This coverage is provided through financial instruments minimizing the impact of hedging on the other units;
- Be reserved for one or more marketing channels.

The units may be merged or divided.

The units may be split, upon a decision of the Board of Directors of the management company, into thousandths referred to as fractions of units.

The provisions of the regulations governing the issue and redemption of units shall apply to fractions of units whose value will always be proportional to that of the units they represent. Unless otherwise provided, all other provisions of the regulations relating to the units shall apply to fractions of units without any need to specify this. Finally, the Management Board of the management company may decide, at its own discretion, to sub-divide the units by issuing new units which shall be allocated to unit holders in exchange for their existing units.

#### Article 2 - Minimum asset value

The minimum asset value of the Fund is 400 000 Euros.

Units may not be redeemed if the assets of the Fund fall below 300 000 Euros ; in that case, and unless in the meantime the assets again exceed this amount, the management company shall take the necessary measures to merge or wind up the Fund within a period of thirty days.

#### Article 3 - Issue and redemption of units

Units may be issued at any time at the request of the holders based on their net asset value plus subscription fees, where applicable.

Redemptions and subscriptions are carried out under the conditions and in accordance with the procedures defined in the simplified prospectus and the detailed memorandum.

The investment fund units may be listed on the stock exchange in accordance with the existing regulations.

Subscriptions must be fully paid up on the day the net asset value is determined. Subscriptions may be paid in cash and/or by the transfer of marketable securities. The management company is entitled to refuse any securities offered and, to this effect, shall have a period of seven days from their deposit to make its decision known. If they are accepted, the securities transferred shall be valued in accordance with the rules laid down in Article 4 and the subscription shall be based on the first net asset value following acceptance of the securities in question.

Redemptions shall be made exclusively in cash, except in the event of liquidation of the Fund when the unit holders have explicitly agreed to be repaid in securities. Redemptions shall be settled by the custodian within a maximum of five days following the day of valuation of the units.

If, however, in exceptional circumstances, repayment requires prior realization of assets held in the Fund, this period may be extended to a maximum of 30 days.

Except in the event of an inheritance or inter vivos distribution of estate among presumptive heirs, the sale or transfer of units between unit holders, or between unit holders and third parties, is considered as a redemption followed by a subscription; if this involves a third party, the amount of the sale or transfer shall, where applicable, be supplemented by the beneficiary to reach at least the minimum subscription amount stipulated by the simplified prospectus and the detailed memorandum.

Pursuant to article 214-30 of the "Code Monétaire et Financier" (French Monetary and Financial Code), the redemption of units by the Fund and the issue of new units may be temporarily suspended by the management company in exceptional circumstances and if this is deemed necessary to protect the interests of the unit holders.

When the net assets of the Fund are less than the amount stipulated by the regulations, no redemption of units may be performed.

A minimum subscription may be applied, in accordance with the procedures set out in the simplified prospectus and the detailed memorandum.

The unit trust may suspend the issue of units in accordance with the third paragraph of article L.214-8-7 of the monetary and financial code. This suspension may be permanent or temporary, partial or total. It may occur in objective situations that entail the closure of subscriptions, such as a maximum number of units issued, a maximum asset value, or expiry of a set subscription period. Existing unit holders will be informed by all available means of the partial or total suspension, as well as the threshold and the objective situation that was its initial cause. In case of partial closure, the communication will specify explicitly the means whereby existing unit holders may continue to subscribe for the duration of this partial suspension. Unit holders shall also be informed by all available means of the unit trust's or the fund management company's decision to end the total or partial suspension of subscriptions (when the threshold is no longer exceeded), or of a decision not to end the suspension (due to a new threshold or a change to the objective situation). A change of objective situation or threshold leading to suspension must always be in the interests of unit holders. The information provided shall state the exact reasons for these changes.

#### **Article 4 - Calculation of net asset value**

The net asset value of the units is calculated in accordance with the valuation rules appearing in the detailed memorandum of the full prospectus.

Contributions in kind may only consist of instruments, securities and contracts that are eligible to form assets of the Fund; they are valued in accordance with the valuation rules applicable for calculation of the net asset value.

## **TITLE II : FUND OPERATION**

#### **Article 5 - The management company**

The Fund is managed by the management company in accordance with the Fund's investment objectives.

The management company shall act in all circumstances on behalf of the unit holders and may alone exercise the voting rights attached to the securities held in the Fund.

#### **Article 5 bis - Operating rules**

The instruments and deposits that are eligible to become assets of the Fund and the investment rules are described in the detailed memorandum of the full prospectus.

#### **Article 6 - The custodian**

The custodian is responsible for the custody of the assets held in the Fund, and for processing the orders received from the management company in relation to the purchase and sale of securities as well as those relating to the exercise of subscription and allotment rights attached to the securities held in the Fund. It shall perform all revenue collection and payments.

The custodian must ensure that decisions taken by the management company are lawful. Where applicable, it must take all protective measures it deems necessary. In the event of a dispute with the management company, it shall inform the Securities Commission (French AMF).

The management company shall provide the custodian with all the information required for it to carry out its checks, as part of its task of checking the legality of the Fund's decisions.

#### **Article 7 - The auditor**

An auditor shall be appointed for a term of six financial years, with the approval of the Securities Commission (French AMF), by the management company's Board of Directors or Management Board.

He shall perform the due diligence and checks provided for by law, and in particular he shall certify, whenever necessary, the fairness and validity of the accounts and information of an accounting nature contained in the management report.

His mandate may be renewed.

He shall inform the Securities Commission (French AMF) and the management company of the Fund of any irregularities or errors noted by him in the course of his audit.

The auditor shall supervise asset valuation and determination of the exchange parities used in conversion, merger and split-up transactions.

He shall assess all contributions in kind and establish under his responsibility a report relating to their valuation and their remuneration.

He shall certify the accuracy of the composition of assets and other aspects prior to publication.

The auditor's fees shall be determined by mutual agreement between the auditor and the management company's Board of Directors or Management Board based on a work agenda specifying the due diligence considered necessary.

In the event of liquidation, he shall assess the value of the assets and establish a report on the conditions of such liquidation.

He shall certify the statements used as a basis for the payment of interim dividends.

His fees are included in the management fees.

#### **Article 8 - Accounts and management report**

At the end of each financial year, the management company shall establish the review documents and draw up a report on management of the Fund during the past financial year.

The list of assets and liabilities shall be certified by the custodian and all the above documents shall be checked by the auditor.

The management company shall make these documents available to the unit holders during the four months following the end of the financial year and shall inform them of the amount of income to which they are entitled. These documents shall be either sent by post at the explicit request of the unit holders, or made available to them at the management company or in the custodian's offices.

### **TITLE III : DIVIDEND POLICY**

#### **Article 9 - Distributable incomes**

The net profit for the financial year is equal to the amount of interests, arrears, dividends, bonuses and lots, directors' fees and all proceeds generated by the securities held in the Fund's portfolio, plus the income generated by temporary cash holdings, less management fees and borrowing costs.

The distributable income is equal to the net profit for the financial year plus retained earnings, plus or minus the balance of income accruals relating to the year ended.

The distributable income is accumulated in full, except income for which distribution is mandatory by law.

### **TITLE IV : MERGER – SPLIT-UP – DISSOLUTION – WINDING UP**

#### **Article 10 - Merger – Split-up**

The management company may either transfer, in full or in part, the assets held in the Fund to another UCITS under its management, or split the Fund into two or more other investment funds under its management.

Such mergers and split-ups can only be performed one month after the unit holders have been notified of this. They give rise to the issue of a new certificate specifying the number of units owned by each holder.

#### **Article 11 - Dissolution – Extension**

If the assets of the Fund remain, for thirty days, below the amount stipulated in Article 2 above, the management company shall inform the Securities Commission (French AMF) of this and shall either merge the Fund with another investment fund or else wind up the Fund.

The management company may wind up the Fund before maturity; it shall inform the unit holders of its decision, and from that date subscription and redemption orders will no longer be accepted.

The management company shall also dissolve the Fund if a request is made for the redemption of all of the units, if the custodian's appointment is terminated and no other custodian has been appointed, or upon expiry of the Fund's term, unless this term has been extended.

The management company shall inform the Securities Commission (French AMF) and the custodian by letter of the date and procedure adopted for winding up. It shall then send to the Securities Commission (French AMF) the auditor's report.

The extension of a fund may be decided by the management company by agreement with the custodian. Its decision must be taken at least three months before expiry of the term of the Fund and brought to the notice of the unit holders and the Securities Commission (French AMF).

#### **Article 12 - Winding up**

In the event of dissolution, the management company shall be responsible for the liquidation operations. They shall, to this effect, have the fullest powers to realize the assets, pay any creditors and distribute the available balance among the unit holders in cash or in securities.

The auditor and the custodian shall continue to perform their work until the end of the liquidation operations.

## TITLE V : DISPUTES

### Article 13 - Competence – Election of domicile

Any disputes relating to the Fund which might arise during the term of the Fund or at its liquidation, either between the unit holders or between unit holders and the Management Company or custodian, shall be subject to the jurisdiction of the competent courts.
